May 28, 2020

Dear Mr. McIntyre,

My office was in touch with you last year regarding a cemetery removal matter. We have a similar situation in which an abandoned cemetery has not been maintained consistent with the due and proper reverence for the deceased.

According to Tenn. Code Ann. § 46-4-103, we are to file notice with the Tennessee historical commission at least thirty (30) days prior to any hearing on a suit to terminate/relocate a cemetery and provide the approximate burial date and a copy of the exact complaint filed in the chancery court.

Please accept this as our notice to the Tennessee historical commission. We are scheduled to have the motion for default judgment heard on June 30, 2020 in the Williamson County Chancery Court. The cemetery at issue dates back to approximately the 1880s, and I have attached an exact copy of the filed complaint. Our client plans to have the cemetery relocated to another location on the same property.

We have spoken to several the Defendants by phone and all then have supported this relocation, and no one has voiced any objection. Please let me know if there is anything else you need regarding this matter.

Kind regards,

Thomas V. White
